

FALL DROP-IN

Try something new on Tuesdays and Thursdays beginning on Nov. 9 from 3:30-5:30! Whether in a club or open studio see what WMCAT has to offer. All of these programs are optional and open to any high school student who lives in Kent County. **If youth are not in our Monday/Wednesday studios, please fill out the application using the link below.**

FILM CLUB

Watch classic films and discuss the formal qualities, the messages, and human experiences portrayed in the films. Learn the social context in which the films were created. Share your thoughts with your peers on how films work as art and the effect this has on you. **Limited to 12 students.**

ARTIST MARKET 101

Learn how to create a product based on your art skills that are ready for the retail table. Learn the skills on how to keep track of your inventory, keep supply costs down, how to present your product in the best way and how to make some money from your skills. **Limited to 12 students.**

OPEN STUDIO

Do you want extra time to work on a project for your studio? Do you want to have extra time to explore different technology or techniques in your studio? Open studio time can give you that extra time to make your study project shine or to indulge your curiosity.

STUDY SPACE

WMCAT will be open as a study space. Take advantage of our wifi, private study spaces, or other resources to keep up on your grades.

OPEN COMMON AREAS

If you need a time and place to relax, a place to talk with other students, play a game or just let your mind wander in the company of others, drop into our open common areas.

TRY A STUDIO

Do you want to see what is going on in our art and tech studios? Instructors will prepare activities to show you what happens in their studios. A great way to get an introduction to a new way of making art.

DESIGN WORKSHOPS

Taught by designExplorr. Explore the power and potential of a career in design. In this hands-on workshop, learn skills like brainstorming, artistic prototyping and design-thinking. Design=workshops were developed in collaboration with Amazon, Diversify by Design, and designExplorr. Jacinda Walker, founder and creative director of designExplorr, will facilitate these workshops. She will guide workshop attendees through a creative process that encourages imagination, creativity, and critical thinking.
